OREASE P. LADNER IS CANDIDATE FOR SHERIFF AND TAX COLLECTOR

We are authorized to announce the candidacy of Orease P. Ladner for the office of Sheriff and Tax Collector of Hancock County, in the coming Democratic Primary election.

Mr. Ladner's statement to the voters follows:
To the Voters of Hancock County: I take this opportunity of seeking your support in behalf of my candidacy for Sheriff and Tax Collector of Hancock County. This is a step which I have long wanted to take, and now having the opportunity and encouragement of family and friends, I respectfully submit my candidacy for the office.

Although I feel that I need no introduction to the people of Hancock County, I would like to give you a brief history of my personal background. I am a native and lifelong resident of Hancock County, the son of the late Mr. and Mrs. Victor Ladner of the Sellers Community. I received my education in the public schools of Hancock County and have operated a large dairy farm for many years. I am married to the former Miss Spier and we are the proud parents of nine children: three boys and six girls.

I believe that in politics, as in anything, we must either go forward or backward - there is no standing still. Neither is there any office, appointive or elective, so unimportant that we, as citizens, can afford to sit back and let someone else do it. We must all take part and do our equal share of "carrying the load." That is why I am asking you to support me in this endeavor. It's time for change and it is up to all of us to bring this change about. This election as in the past, you will cast your vote for your choice between me and my opponent. As a native of Hancock County, Mississippi, I hope that you will all "stand up and be recognized" by casting your vote for me on August 6th. For justice and impartial treatment and fair deal Ores P. Ladner, as an independent candidate, for Sheriff and Tax Collector.

THANK YOU,
OREASE P. LADNER

NASA News..

Huntsville, Ala. - Bids will be received the latter part of August for constructing docks and a central heating plant for the NASA Marshall Space Flight Center's Mississippi Test Operations in South Mississippi.

Invitations to bid were issued today by the Army Corps of Engineers, Mobile District, on NASA's behalf.

Bids will be opened on August 22 for the construction of dock facilities at which barges will anchor during the transfer of liquid hydrogen and oxygen propellants to land-based launchers. The job will include clearing and grubbing work on 87 acres, excavating a harbor area off the main canal serving the test facility, building a steel sheet pile docking facility with a total length of 1,400 feet, constructing a timber pile dolphins, and constructing a concrete intake structure for a future water pumping station.

Bids will be accepted from small business concerns only in the interest of assuring such firms a fair share of government contract work.

Army Engineers will receive bids the latter part of August for constructing cryogenic docks and a central heating plant for the new Mississippi Test Facility being built in south Mississippi by the U. S. Army Corps of Engineers and the George C. Marshall Space Flight Center. The NASA facility will be used for ground testing the tremendous rocket stages and engines of the Apollo moon landing program before they are barge to Cape Canaveral for launch.

Bids will be opened on August 22 for the construction of dock facilities at which cryogenic cargo barges will anchor during the transfer of liquid hydrogen and oxygen propellants from or to launchers. The job will include clearing and grubbing work on 87 acres, excavating a harbor area off the main canal serving the Test Facility, building a steel sheet pile docking facility with a total length of 1,400 feet, constructing 24 timber pile dolphins, and constructing a concrete intake structure for a future deluge water pumping station.

SURVEY 90 IN HANCOCK FOR 4-LANE

Southern District Highway Commissioner John D. Smith has informed the Gulf Coast Chapter of the Mississippi Restaurant Association that survey crews are now preparing the ground work for four-laning of U. S. Highway 90 from Bay St. Louis west to the intersection with state highway 43.

Replying to an inquiry from Gus Stevens, chapter president, Smith wrote, "I am happy to advise you that we have two surveying crews in that (Hancock County) area at this time."

Smith continued, "As soon as the survey is completed and the plans and specifications are made, contracts will be awarded."

Smith said another survey is in progress on Interstate Highway 10 from the Louisiana line to a point near the junction of state 43 and U. S. 90.

INTERSTATE 10
"It will be our plans to build the section of Interstate 10 to its intersection with (state) highway 603 as soon as the survey plans and specifications are completed."

"We consider all of this work an emergency and I can see no reason at this time why it cannot be put under contract during the fall of this year," Smith noted.

Stevens, in his letter to Smith, had noted that the Coast restaurant chapter meeting July 15 had "discussed at length our concern for the lack of progress shown on the proposed four lane construction of Highway 90 west of Bay St. Louis to the intersection of state highway 43 therein to the point connecting to the proposed Interstate 10. This is the section you have previously stated would be four-laned at the earliest possible date."

Stevens said the membership instructed him to "tell you we felt that the value of the tourist traffic and the number of families living on the coast working for the NASA Base (Mississippi Test Operations) will warrant almost emergency action in completing this section of highway."

MAY OBTAIN PROOF OF AGE FROM CENSUS BUREAU

Last year, more than 19,000 residents of Mississippi turned to the Bureau of Census, U. S. Department of Commerce, for help in proving when and where they were born. The Bureau reported today. They needed proof of age to collect social security and other retirement benefits. They needed it to obtain passports. They needed it to qualify for job carrying certain age or citizenship requirements. They needed it for some forms of insurance.

These persons who requested assistance from the Census Bureau last year were among an estimated 20 million United States residents who are without proof of age or birthplace. The historical records of the Census Bureau provide the only acceptable source of this information for many of these people. Since its beginning in 1790, the U. S. Census has recorded identifying data for almost 350 million persons, many of them listed several times in separate censuses. The Bureau has provided copies of these records to about three and one-half million people, as legal proof of age, place of birth, citizenship, or kinship.

Persons seeking such a record for social security purposes should go to the local Social Security Office, or, for other purposes, write to the Personal Census Service Branch, Bureau of the Census, Pittsburgh, Kansas, for an application form. A fee of \$3.00 is charged for a search of not more than two censuses for one person and for one copy of the information found. Additional copies cost \$1.00 each. Expedited search costs \$4.00. Expedited searches are usually completed within a few days while the routine \$3.00 search may take up to 30 days, depending upon the backlog of requests.

The personal information in the records of the 1900 and later Censuses is confidential by law and may be furnished only upon the written request of the person to whom it relates or, for a proper purpose, a legal representative, such as a guardian or administrator of an estate. Information regarding a child who has not reached legal age may be obtained upon the written request of either parent.

ANNOUNCE NEW ALL-ELECTRIC RATES FOR RESIDENTIAL

A new All-Electric residential rate schedule, designed to save money for total-electric customers who use in excess of 1,000 kilowatt-hours per month, has been announced by Mississippi Power Company, Gulfport.

V. J. Daniel Jr., vice president, said that the new rate, now in effect, provides for level billing each month, based on the customer's estimated monthly usage. "This arrangement," he continued, "the customer's billing is budgeted monthly to level out the effects of 'extreme weather' conditions on electrical consumption of heating and cooling equipment."

"Under the All-Electric rate schedule 'MA-3', the amount a customer will pay each month will be estimated or determined from his past billing record and will be adjusted at the end of each year for the difference between estimated and actual usage," he explained.

Mr. Daniel said that eligible customers will be billed at an annual charge of \$180 for the first 12,000 KWH of electric service, plus 1.2 cents for each additional KWH. Added to this charge will be the applicable tax and fuel cost charges. The minimum bill under the rate schedule is \$15 per month for \$180 a year.

He also announced that the Protective and Security Lighting Company is offering a new service. "With this plan," he said, "the company will furnish and install on a pole located on a customer's property, a high intensity mercury vapor light controlled by an electric eye, which automatically turns the light on at dusk and off at dawn. The pole and type of light will be available for use on streets and roadways only."

"The company has always endeavored to provide its customers with complete electric service at an economical cost," Mr. Daniel said. "We believe this new All-Electric rate and Security Lighting will enable even more Mississippi families to enjoy the convenience of total-electric living."

Mrs. Thelma Landry, who retired April 1, as postmaster of the Waveland Post Office, was honored by residents of the community at a reception Wednesday night at St. Clare's Parish Hall.

Mrs. Landry who was presented a plaque and a purse, responded by expressing her gratitude and thanks.

The presentation was made by Ray Gordon, Waveland resident.

Among those who attended the reception were her sons and daughters-in-law, Mr. and Mrs. James Landry of New Orleans, and Mr. and Mrs. Donald Landry of Waveland.

Five-Year-Boy Is Injured In Mishap

CARL HEITZMANN DIED MONDAY IN LOCAL HOSPITAL

Carl G. Heitzmann, 54, a retired Bay St. Louis business man, died at 4:15 a. m. Monday, July 29, in Hancock General Hospital where he had been a patient since July 17.

A lifelong resident of Bay St. Louis, Mr. Heitzmann resided at 406 South Beach. He was formerly a partner in the Superior Supply Company, a building materials firm.

Survivors are his widow, Mrs. Velma Zengaring Heitzmann; three sons, Jerry D., Carl J. and Raymond G. Heitzmann; his mother, Mrs. Pauline Heitzmann; three brothers, Roger, Henry and Cedric Heitzmann, all of Bay St. Louis; and two sisters, Mrs. Adelaide Sterneck of Kansas City, Mo., and Mrs. John Damborino of Bay St. Louis.

Funeral services were held at 10:45 a. m. Tuesday from Riemann's Fahey-Whitfield Funeral chapel with religious rites at 11 a. m. at Our Lady of the Gulf Catholic Church. Interment was in St. Mary's Cemetery.

Pall bearers were George Heitzmann, A. G. Bantagan, James Travica, James Ryan, Joseph Ladner, Robert Zengaring.

Rev. Charles Johnson, headmaster of Christ Episcopal Day School, said there are a limited number of vacancies in all classes and registrations are still being accepted.

SCHARFF NAMED VICE PRESIDENT

J. R. Scharff was one of two vice presidents named at the 32nd annual convention of the Jitney Jungle Operators Association Tuesday at the Edgewater Gulf Hotel.

The convention delegates voted to hold next year's meeting in New Orleans.

A motion by E. P. Orte at a recessed meeting of the Hancock County Board of Education Thursday to repay interfund loans made during the fiscal year 1962-63, with the exception of \$11,000.00 from the building and equipment fund, was carried.

The employment of Vernon Peterson, at an extra job mechanic at \$10 per day was approved. The board adjourned until Monday, August 5.

Next Tuesday is the date of the First Democratic Primary, for every office in the entire state, from Governor to Coroner and Ranger.

There are four candidates in the race for the Governorship, with one hundred and four qualified candidates from Hancock County alone.

The largest number of candidates contesting for one office is in Beat Three where ten are seeking the office of Supervisor, while nine are entered in the race for the office of Sheriff and Tax Collector. Four are vying for the office of Chancery Clerk, while three seek the Circuit Clerk post. For Superintendent of Education there are three candidates.

The Second Primary will take place in three weeks, on August 27th.

Approximately 6,600 Hancock County voters are qualified to cast their ballots for the candidates of their choice in the August 6, Primary election.

The polls in all precincts will open at 7 a. m. and close at 5 p. m.

To be eligible to vote it is necessary to have 1961-62 poll tax receipts or exemption certificates.

In order to expedite the voting and tallying votes, the larger precincts have been divided into two boxes.

Kiln will vote A to L in one box and M to Z in the other; Central School, A to L and M to Z; Courthouse, City Hall, South Bay, and Waveland A to K and L to Z.

JOHN V. LADNER CANDIDATE FOR STATE SENATOR

We are authorized to announce the candidacy of John V. Ladner for the office of State Senator, representing Hancock and Pearl River Counties.

Mr. Ladner's statement to the voters follows:
TO THE VOTERS OF HANCOCK AND PEARL RIVER COUNTIES:

I would like for you, the voters of the 43rd Senatorial district, to consider this as my formal announcement. It means so much since all the confusion has come about my running for the senate.

In my bid for the senate I had to call on my great love for my people again this time in the 43rd Senatorial District to use my fighting ability to defeat the political dictators of Hancock County and have my name presented to you the voters of Hancock and Pearl River so that you may have the opportunity to qualify or disqualify me on August 6. I feel that under this form of government, this is your job and not a few dictators.

I received the third highest award that the U. S. Government (Bronze Star) has to offer. I received this for the great love I have in my heart for my fellow man. I went above and beyond the call of duty to save lives and help defend the great form of government that we the people of America enjoy today.

I would not just do my job and feel that I had done my share, but instead, I used my ability to even go farther, but the real recognition should go to those that never returned.

To you, the voters, I can only make two promises. The first is if you elect me as your senator, I will represent Hancock and Pearl River Counties to the fullest extent of my ability with all the enthusiasm and drive I possess, and number two, I will make an all-out crusade to prosecute and convict any publicly elected officials who misuse our tax dollars. I will not make all the usual political promises that I do not know whether or not I could fulfill. All I can say is if you elect me, I feel very confident that in years to come you will be able to look back to the year of 1963 and feel proud of having elected JOHN V. LADNER. That V. in my name means a victory for me is a victory for you. Thanks from me to you and seven children.

JOHN V. LADNER

Leo W. Seal, Sr., president of the Hancock Bank is expected to leave for the Gulfport, Miss. office of the bank's headquarters. Mr. Seal has been in the bank's Bay St. Louis office for the past several years.

LAFONTAINE GETS LETTER OF COMMENDATION

Roland J. Lafontaine Jr., of Bay St. Louis, nursing assistant at the Gulfport Veterans Administration Hospital, was an honor guest of D. A. Hiller, Center Director, Monday afternoon at the Director's Staff Conference.

He received a letter of commendation from Miss Cecilia L. Hauge, director of nursing services, and Dr. John J. Blasko, director of psychiatry, neurology, and psychology service, of the Department of Medicine and Surgery, Veterans Administration, Washington, D. C.

Lafontaine was first appointed a nursing assistant at the Gulfport Hospital August 6, 1958, and in September 1962 after the successful completion of basic and more progressive courses of instruction, he was selected and promoted to one of the highest sub-professional grades in nursing service.

A recipient of two sustained superior performance awards, he was presented one of the Veterans Administration's highest awards, the outstanding performance rating with a cash award.

SULLIVAN UNHURT IN 'COPTER JOLT

Gubernatorial candidate Charles Sullivan was shaken up near noon Tuesday when a helicopter piloted by But Hatfield came down with a big bump near a road in the Kiln community.

The jolt damaged the craft's rotor blades but occupants of the helicopter, including Sullivan, were reported unhurt.

About 20 persons gathered around the disabled helicopter and carried it to a nearby parking lot where Sullivan made his campaign talk as scheduled.

The Hancock County Sheriff's office said Sullivan later got in a sound truck which headed towards Bay St. Louis.

Sullivan was on a speaking tour of Hancock County and northern Harrison County. He was scheduled to speak at Lakeside west of Bay St. Louis at 1 p. m. Sullivan had flown to the Gulfport municipal airport in a small plane earlier in the day.

CATCH KETCHUM

Folk going outside report that trout fishing is not too good. Of course there are two seasons on speckles, in the summer and in the fall, maybe its between seasons and the trout fishing will not come into its own until the fall.

Green trout fishing is still good, they are being caught mostly in the Pearl River territory. Don't listen to those who tell you trout cannot be caught up in the river this time of the year. The past week some large ones were reported. Perre Quinn and yours truly caught the limit of perch both Saturday and Sunday.

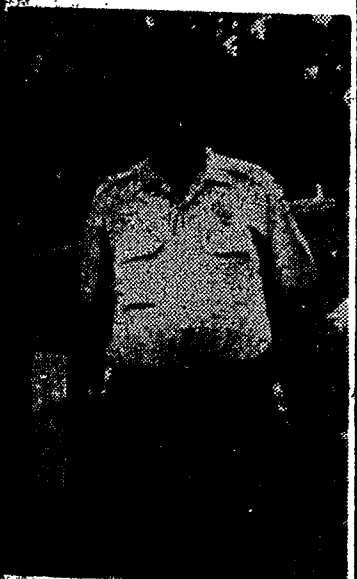

Some were as large as your hand. They caught blue gills, blue eyes, lake runners, etc. Of course some green trout were in the catch.

Floundering and soft crabbing is still holding on but not many good catches have been reported. Jimmy Larroux has been getting his share of flounders.

Maybe our sports dealers think its too late to order parts for floundering lights.

It is almost impossible to get parts when you need them now.

Floundering and soft crabbing continues on until October. Manic globes, generators, etc., are always in demand. It's rather disgusting to need a part when you are in the mood to go and get the answer. "Sorry, we are out of that particular part." Order pads are free and pencils don't cost much.

JACK LADNER

Jack has been a good City Officer for a number of years and for a long time has been one of our best quail hunters. He also raises and trains bird dogs, doing a good job of it.

Jack is president of our local Gun and Rod Club and reports that he and other members are going to do a lot to help fishing and hunting conditions.

Jack Ramage says he doesn't like fishing but enjoys hearing fish stories. He has a dog that lives in Plus Hofeld's Pond. He might be eating the fish or just cooling off. How about that Plus?

Joe Glover has been spending the second week of his vacation here at the Bay. He has been giving hard crabs a bad time as well as fish. Seafood dinners are daily at the old homestead according to the family.

We are sorry to report the deaths of Carl Heitzmann, John McQuarie and Dr. Walter Frick this week. All were good sports and loved their own favorite pastime. Sympathy is extended to the respective families.

Louis Lombardino spent a couple of days in the Bay this week after an extended vacation by auto to the Western Country. He had a good time he said. Too busy to do much fishing however. Friends here.

Bob Von Ehrn after a number of years. Bob has been getting his share of hard crabs off the Highway Bridge. He said he has been catching 4 to 5 lbs the week at one time. Baked crabs have been plentiful at his home.

Mr. and Mrs. Joseph DeSalvo, Mr. and Mrs. Marius Isidore and son and Mr. and Mrs. Vincent Varisco of New Orleans, were guests of Joseph Crocholo on Leopol Street recently. They report having a wonderful time, fishing, crabbing, etc. Come back again, folks.

Small boat operators and sport fishermen were cautioned Friday that their craft could be swamped, overturned or thrown on the shore as large ocean-going vessels pass them in the soon-to-be-opened Mississippi River-Gulf Outlet.

Col. Edward B. Jennings, New Orleans district engineer, U. S. Army Engineers, outlined the possible disastrous effects ocean liners and cargo ships may cause.

As a ship approaches a given point a slight wave is pushed ahead. As it comes immediately abreast, a suction effect is felt that abruptly drops the water level in the channel, drawing water off the bank of the waterway. This change in water level can easily exceed a foot.

As the ship passes, the water returns heavily toward the shore and with little difficulty, can throw a small boat onto the bank. After the vessel has passed, a series of waves reaching two feet or more in height will cause severe agitation along the bank.

Col. Jennings said small craft operators anchored in the channel who observe a ship approaching should get underway promptly and proceed with extreme caution. (New Orleans Times-Picayune)

The above article was written mostly for Louisiana fishermen but is good advice to fishermen most anywhere. Even non-fishing skiers are a hazard to those fishing from a small boat.

Red Reinike, Bobby Fayard, Harry Favre and Jack Garriga are getting to be regular visitors to Pearl River each weekend. They are all ardent fly fishermen and getting better all the time.

August Rauxet and sons with Raoul Telhiard made an outside trip for speckles over the week to the marshes. August said they didn't do so good.

It is interesting to hear what the candidates say they are going to do after the election.

Some even said they were going to catch up on their fishing. What are they doing now? Fishing for votes.

Charlie Sullivan

is the PEOPLE'S Answer to the need for courageous, determined and forthright leadership

The political decisions made by Mississippi this year will have the most profound effect on the future of this state of any political decision that we have been called upon to resolve in this century. Mississippi is now experiencing a crisis which realistically we can only expect to become more acute. The responsibilities of the next administration will be so critically grave that your consideration in choosing the Chief Executive of this

state must transcend political parties; rise above personal friendship and ignore the ambitions of individuals - but must be determined by the sole consideration of the absolute necessity for responsible leadership during the next four years. Charlie Sullivan is a man of principle who can intelligently, energetically and successfully meet this greatest challenge any Mississippi governor has faced in recent history.

Charlie Sullivan Stands For:

1. PRINCIPLE IN GOVERNMENT

His campaign is based upon principle and devoid of the political hypocrisy long traditional in Mississippi gubernatorial campaigns where candidates attempt to be all things to all people. It is free of political commitments so that when elected he can, without embarrassment of such commitments, be free to discharge the responsibilities of the governor's office - economically, efficiently, impartially and with complete integrity. He has not and will not make one single, solitary, political commitment so that when selfish groups of individuals or groups come to his office demanding special treatment not for the welfare of the entire state, he can without hesitation, say "NO". He will simply decide what is right and say precisely what he believes.

2. HIS POSITION AN OPEN BOOK

Charles Sullivan's stand on all public matters is an "Open Book." He has refused to go behind closed doors with any special interest group where candidates were asked to state their position on matters of state government. He has consistently maintained every candidate should face every issue squarely, frankly, forthrightly, candidly and PUBLICLY. His position has always and will continue to be honest and consistent.

3. SEGREGATION OF RACES

Charles Sullivan has said repeatedly, "I am absolutely dedicated to the principle that Mississippi shall remain segregated throughout the four years of my administration." He will never accept the thesis that in the name of "realism" "progress" or "inevitability" we must abandon those principles and individual beliefs basic to Mississippi and to our people.

4. STANDS FOR STATES RIGHTS

Charles Sullivan believes the most critical problem for Mississippi during the next four years will be the relationship to exist between the National Government and the Government of the State - the ever increasing centralization of all governmental power at the National level with the continuing loss of local authority - in short, the question of Federal domination over local responsibility.

MISSISSIPPI DEMOCRAT

As a Mississippi Democrat he will, as Governor, demand from the National Democratic Party the respect and consideration deserved by a proud and honorable people without compromising the vital principles of our society and government.

As leader of our delegation to the National Convention, he will take positive and aggressive action to use the full influence of the governor's office to urge a meeting of all Southern Democratic leaders. Not merely governors who have become susceptible to presidential coercion - to consolidate our objectives. He will strive for adoption of the conservative position in the National Democratic platform and the nomination of

candidates pledged to support that position after election.

HELP REPUBLICANS GO CONSERVATIVE

In the event this is unsuccessful and the National Democratic Party in 1964 adopts a platform of expanded and liberalized New Frontierism, with President Kennedy as their candidate, he would then offer to the Mississippi and Southern Republicans his personal assistance and the full influence of the governor's office to obtain the adoption of the conservative position in the National Republican Platform and to secure the nomination of candidates pledged to support the position after election to include, if requested, appearance at the National Convention with the additional unconditional promise that if the Republicans are successful in securing the adoption of a platform and the nomination of candidates acceptable to the South to actively campaign for the election of the Republican candidate.

GO INDEPENDENT, IF BOTH FAIL

If we are unsuccessful in obtaining the adoption of such a platform or the nomination of such a candidate in either National Convention, he would then lead an INDEPENDENT MOVEMENT in Mississippi, and wherever possible. If Mississippi Democrats and Mississippi Republicans are sincere in putting principle above party, then all, under these circumstances would conscientiously be compelled to join me in opposition to both parties.

5. OFFER SOUND FINANCIAL LEADERSHIP

Perhaps the second most important problem to confront the next administration will be the financial condition of the state. Apparently, an approximate \$40 million deficit will occur if present expenditures legally provided are continued without new revenue. He has always maintained that fiscal responsibility is an absolute prerequisite of stable and progressive government, state or nation. We cannot spend more than our income and avoid inevitable economic disaster. He pledges an administration which operates within its budget each year. Expenditures must not be authorized without supporting revenue. He advocates constitutional and statutory changes to establish more administrative responsibility on the part of the governor for the budget and the programs in effect or enacted during his administration. The same revisions can provide for greater legislative efficiency and economy through changing sessions and providing for a legislative research commission with a full time professional staff.

6. RESPECT FOR LAW

Charles L. Sullivan does not, nor will he at any time advocate the sale of alcoholic beverages in a single locality in Mississippi. He insists, however, that we deal with the liquor problem with maturity and integrity. His position is:

(1) Strict enforcement of the law; (2) amendment of the existing prohibition law to permit - by local referendum, legalization of the sale of alcoholic beverages subject to state control and regulations; (3) creation of an enforcement authority at the state level restricted to alcohol control so that the absolute and effective prohibition may be maintained in localities desiring it; and (4) abolition of the Black Market Tax.

7. INDUSTRIAL DEVELOPMENT

Charles Sullivan will be dedicated to the continuation of the industrial and economic growth which has been realized by our state in recent years. He believes economic progress should be a common objective which every candidate will seek to achieve.

VOCATIONAL TRAINING

He advocates the establishment of a vocational technical training program to provide within the immediate future a technically skilled labor force in our state. In the past, Mississippi has, to a large extent, with its incentive programs attracted industry employing labor in the lower wage scales, but to achieve our industrial ambitions we must begin to attract those industries employing highly trained, highly skilled and highly paid technical labor. Such a program should be conducted in conjunction with and made a part of Mississippi's junior college system - without abandoning the present high school vocational training.

In addition, there must be a re-evaluation of our workmen's compensation and unemployment compensation programs.

8. MISSISSIPPI MINDED

While laws cannot be enacted to economically isolate our state, a concerned administration can assure that in every instance involving expenditure of public funds Mississippi producers or businesses will, other factors being equal, have a preference. In road building and maintenance materials alone a multi-million dollar advantage could be realized for the state's economy.

Similarly, a concerted effort should be made to encourage the employment of Mississippians for projects within the state. In certain areas we are experiencing an unprecedented boom in construction without a corresponding increase in employment of state people. It is realized that legal barriers cannot be raised to prevent the employment of non-residents, but an aggressive administration can assure that Mississippi's labor force has at least an equal opportunity for the available jobs.

A do-it-yourself retirement plan that really works

Just a few pennies a day invested now in U.S. Savings Bonds can help you build security for the future.

Here's a retirement plan you can set up yourself, administer with no fees or expenses, and go into with absolute confidence.

Start with Series E Bonds

You begin by buying E Bonds where you bank, or automatically on the Payroll Savings Plan where you work. When you hold them for 17 years, 9 months, you get almost double your money back—\$1.93 for every \$1 invested.

When you retire, you can exchange your E Bonds for H Bonds. H Bonds pay interest to you semi-annually in cash—at 3.75% when held to maturity. There's no charge for trading. And the interest you accumulated before the trade is not taxable until you cash in your H Bonds.

A riskless plan

A U.S. Savings Bonds retirement plan is completely without risk. Your money stays in government securities, guaranteed by the Government. You can get it anytime you want—with interest. And if your Bonds are ever lost or destroyed, the Treasury replaces them free.

Why not look into this plan today?

REV. WILSON RESTER DIED THURSDAY

The Rev. Wilson Rester, 88, died at 6:30 a. m. Thursday, July 25, in the Lizana Community where he had resided for the past year.

He is survived by 193 direct descendants. Among his survivors are three daughters, Mrs. Melissa Jones, New Orleans; Mrs. Etha Northrop and Mrs. Bertha Niolet, Gulfport; two sons, Burdick Rester, Standard; and Rankin Rester, Picayune; a step-son, Lemuel Miller, Picayune; 40 grandchildren; 108 great-grandchildren, and 32 great-great-grandchildren.

Funeral services were held Friday afternoon from the residence of his son, Burdick Rester, Standard Community, with graveside services at Wolf River Cemetery.

DELTA COTTON OUTLOOK GOOD

The Mississippi Delta, world famous as a cotton growing section, may harvest one of its finest crops in 1963. County agents report that cotton is growing and fruiting fast and that the crop is unusually free of insect pests.

Veteran County Agent Elmo Hill of Humphreys County attributes the promising prospect in his section and the low insect and disease situation to "the severe winter weather followed by a dry hot spring." He explains that three early applications of poison served

to control flea-hoppers, plant bugs and thrips and enabled cotton to start fruiting early.

Hill said that control of weeds, which have flourished during recent weeks of rain, is the biggest problem facing cotton growers at the present time. But farmers are using flame cultivation and other recommended measures to subdue the weeds and with a few days of favorable weather growers will master this problem.

A Vote For Sylvan J. Ladner Is A Vote For Good Government

As the campaign for Sheriff and Tax Collector comes to a close, I sincerely say that I have enjoyed making this race and appreciate the wonderful hospitality of the many people of the County who have given me encouragement and support.

I wish I could have talked personally with every voter in Hancock County but since this is impossible, I earnestly invite all my friends to support my candidacy.

I have never claimed to be perfect in anything, but I think the opinion of most of the people of Hancock County is that Sylvan J. Ladner, Jr. was a good Sheriff and Tax Collector, when he served you before.

I gave you the best service in my power and I believe that my background of training and experience places me in a position to serve you again, in a more efficient and courteous manner.

The vote you cast on August 6th., 1963 may be the most important vote you will ever cast because the rapid growth of our county, which we will experience in these next years will bring with it many new and important problems. In the process of having this growth, we welcome the large number of good and desirable new citizens, coming to our county from all parts of the country.

I think you will agree that my education, training and my on the job experience as a former City Commissioner and Sheriff and Tax Collector will help me to make the proper decisions when the problems arise.

I seek the vote and support of those who want a Sheriff and Tax Collector who will be fair and courteous to one and all.

Mitchell-Lindemann Wedding

Miss Frances Louise Lindemann of Austin, Texas, became the bride of Russell Lowry Mitchell of Austin, in a double ring ceremony in Monthealia Methodist Church, Cost, Texas at 8 p. m., July 13, with the Rev. Arthur Peterson officiating.

The bride is the daughter of Mr. and Mrs. Alton Lindemann of Cost and the groom is the son of Mr. and Mrs. K. C. Mitchell of Kiln, Miss.

Tail baskets of white gladioli and candelabras holding white tapers decorated the church.

The bride, who was given in marriage by her father, had as her maid of honor, Miss Annette Bradford of Austin.

J. P. Fitzgerald of Austin was Mr. Mitchell's best man, and William Lee Lindemann, brother of the bride, Wichita Falls, Texas, and Rob R. Routh of Austin, served as ushers.

A reception was held at the Monthealia Methodist Parish Hall. The bride's table, covered with a white damask cloth, was centered with the bride's bouquet resting on a white satin heart outlined in white tulle. One side of the table held the three-tiered colonial cake, encircled in pink tulle which was decorated with pink spun sugar roses and topped with a miniature bride and groom ornament.

Assisting in receiving were the bride's parents, her grandparents, Mr. and Mrs. B. H. Lindemann and the groom's brother-in-law and sister, Mr. and Mrs. Sidney Woods, of Bay St. Louis.

Upon their return from a wedding trip to points on the Texas Coast, Mr. and Mrs. Mitchell will make their home at 1401 Enfield Road, Austin, Texas.

The bride, who was graduated from Gonzales High School and Nixon Clay Business College in Austin, is employed as an executive legal secretary by a law firm.

The groom, a graduate of Kiln High School, attended Nixon-Clay Business College and the University of Texas night school. He served in the U. S. Air Force for four years and is presently attending Officer's Candidate School in Austin.

Weekend guests of Mr. and Mrs. Harris Boudreaux were Mr. and Mrs. Charles Maitre and family and Mr. and Mrs. Roy Uhle and children, all of New Orleans.

Dr. and Mrs. Paul Cavanagh and four children of Baton Rouge will arrive next week for a visit with her parents, Col and Mrs. E. C. Sullivan. While here there will be a family birthday celebration.

Sgt. and Mrs. Faulner Blanks, formerly of Greensboro, N. C., are visiting his brother-in-law and sister, Col. and Mrs. Alfred T. McCaleb.

Sgt. Blanks has been transferred to Keesler A. F. B., Biloxi.

W. E. (Bucky) Moore, Mississippi Public Service Commissioner and Mrs. Aletha Cuevas of Standard view progress on new switching unit that will provide telephone service to North Hancock County in August 1963.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY.

Work to provide telephone service for Dedeaux, Sellers, Necaise and surrounding areas near Standard is progressing on schedule and service will begin in early August according to Southern Bell Manager, J. C. Dabney. Dabney said about 100 miles of

telephone cable and wire has been buried by a special plow to connect the applicants with the office at Standard and to the Pass Christian office.

Submarine cables are presently being placed across Bayou Portage Bayou DeLisle and Wolf River.

Some homes have already been wired for service and others will be in the next few weeks.

The total cost of the project is approximately \$225,000. Dabney said and is a part of the over \$60 million being spent in Mississippi by Southern Bell for expansion and improvement in the 1963-64 period.

Average net income per farm in the U. S. in 1962 stood at only \$3,498 at a time when the average investment per farm is \$47,632.

STUDENTS WORK AT PART-TIME JOBS TO SUPPLEMENT BUDGET

University, Miss. — A total of \$457,621.46 was paid to 1,133 student employees at the University of Mississippi during the fiscal year 1962-63, according to Rufus F. Jones, Director of Personnel.

These students worked at part-time campus jobs to supplement their college budgets.

Including those who received aid through scholarships and loans, some 40 per cent of the entire student body received some sort of financial assistance.

Jones said that prospective students at Ole Miss may apply for three types of aid: scholarships, loans, and employment. The Student Financial Aids Committee awards - or renews - each year over 170 undergraduate scholarships ranging in value from \$70 to \$800.

In addition, student jobs are available in most every department, Jones added. The cafeteria and library offer a number of student jobs. Others may be employed as part-time clerks and stenographers, and in administrative offices.

Jones said that the actual arithmetic average paid to student employees last year was \$404.97, but that this figure is misleading since approximately 500 students were employed each month and the general average would be closer to \$800 during the fiscal year.

Some 750 undergraduates received scholarships in one form or another during 1962-63. This number includes athletic scholarships, scholarships offered through three ROTC units on campus, regular University scholarships, and a number of scholarships received directly from private sources outside the University.

According to Jones, more than 50 students were provided short term loans by the University itself last year. The money loaned

PARTICIPATION IN DEMOCRATIC PRIMARY DOES NOT AFFECT RIGHT TO VOTE IN ELECTION OF PRESIDENT OR VICE PRESIDENT

"Mississippi voters can participate in the August primaries without affecting their right to vote as they choose in the election of the President or Vice President of the United States," said Tom M. Garrott of Tunica, Chairman of the Public Information Committee of the Mississippi State Democratic Executive Committee, in a statement released today.

Mr. Garrott pointed out: "The statute setting forth the qualifications of those participating in primary elections provides that, 'Nothing herein is intended or shall be understood as applying to elections of President or Vice President of the United States, wherein votes may be cast entirely without regard to party lines'."

This same statute," Mr. Garrott continued, "specifically provides that, insofar as the Mississippi elections are concerned no person shall be eligible to participate in any primary election unless he intends to support the nominations made in the primary in which he participates."

"The question has been asked concerning the interpretation of this statute by the Mississippi Supreme Court," Mr. Garrott stated.

He continued: "And I desire to call to the attention of the Mississippi voters that the Mississippi Supreme Court has stated that

by the University was taken from loan funds which are administered through the Bureau of Placement and Financial Aids, and these loans averaged \$175 each.

Jones added that loan funds administered through the University this past year totaled approximately \$297,000 with this amount loaned to approximately 610 students in all Schools and Colleges.

The Dean of Men also administers a loan fund.

Nice Things Happen to Systematic Savers

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations. Often the answer is not to be found in the size of their income, but in what they DO with it! By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) where their money earns interest.

NOTICE TO QUALIFIED ELECTORS OF SANTA ROSA PRECINCT BEAT TWO - HANCOCK COUNTY MISSISSIPPI

Because of circumstances beyond the control of the Board of Supervisors it is necessary that the Santa Rosa Voting Precinct be changed from the Santa Rosa Baptist Church to Mrs. Ida May Brunson's Store at Santa Rosa.

This is an emergency measure and it is the desire of the Board that all interested parties be informed of the change in the Voting Precinct.

Do you ever pause to listen to the voice of God? We hear it every day, wherever we may be.

In the whispering of tall trees . . . the music of rushing brooks . . . the songs of the birds . . . the gay laughter of happy children . . . we hear the voice of the Great Creator. Through his infinite grace a bird is enabled to serene his mate, a tiny cricket chirps its

faint refrain. God is the Bringer of all blessings to man and beast alike.

Let us give thanks to Him who has so enriched our lives. Open church doors beckon all over our land. Let us seek the House of the Lord, and enter in to pay Him homage. Here through prayer and humility, let us re-dedicate ourselves to His service and glorification.

Install Officers...

Wendall Craft, alternate national executive committee member from Mississippi, who is a past department commander, installed new American Legion officers and Mrs. Robert A. Thompson, Monticello, State Auxiliary president, were the installing officer for auxiliary officers at the joint Legion and Auxiliary installation Thursday night at the Legion home.

Joseph Benvenuti was installed as commander; Gilbert Gayant, first vice commander; John Wilkerson, second vice commander; Edward Murtagh, adjutant; Andy Becker, finance officer; John Rutherford Jr., service officer; D. W. North, sergeant at arms; Lucien Kidd, judge advocate; Felix Seeger, and Warren Buehler, color bearers; Frank Taconi, Fred Fayard, Al Summy, Bob Giveans and Harold Saucier, executive committee; Gerald Price Sr., Gus Sager and Clayton Thompson, trustees.

Mrs. C. J. Piazza was installed as auxiliary president; Mrs. Chester Favre, first vice president;

Mrs. Leroy Luke, second vice president; Mrs. Clyde Craig, secretary; Mrs. Jack Baum, treasurer; Mrs. Richard Ferguson, historian; Mrs. Rene Bermond Sr., chaplain; Mrs. Dan Ziegler, Sgt. at arms; Mrs. R. J. Reinike, state junior activities chairman.

Miss Jeannie Rutherford, junior auxiliary member was presented a plaque for the most outstanding junior in the state-wide contest.

Miss Mildred Baum, daughter of Mr. and Mrs. Jack Baum was recognized for having placed second.

Mrs. Jack Baum, retiring president, was presented a past-president pin. She expressed her deep appreciation to all who assisted during the year.

Other officials present were Robert A. Thompson, a past department commander; Mrs. A. A. LeDuke, Biloxi, Auxiliary district president; Miss Florence Wesovich, Biloxi chapeau of Salon 218 of the 8 & 40.

A roast beef dinner was served at the end of the session.

MINERAL PRODUCTION

In 1930 Mississippi ranked 47th in the nation in mineral production with a total dollar value of less than \$2,000,000. With the discovery of oil and gas during the thirties, Mississippi began to exploit her natural resources and in 1959 ranked 22nd nationally with a dollar volume of \$181,038,000. This figure is still climbing.

From 1950 to 1955 farm wages and salaries increased by 7.85 percent. During the same period manufacturing wages and salaries increased by 60.2 percent. Obviously, any raw industry which utilizes local minerals will strike a two-fold blow for the State's economy, as money will not leave the state to purchase either the product or the raw material.

Federal Health, Education and Welfare officials state that present and foreseeable consumption of radioisotopes in milk and other foods is well below the level considered by the Federal Radiation Council to be an acceptable intake for a lifetime.

NOTICE TO BIDDERS

Sealed bids will be received by the Hancock County School Board, Bay St. Louis, Mississippi, to be delivered to the office of County Superintendent of Education on or before 2:30 P. M. on the 9th day of August, 1963, at the Courthouse in Bay St. Louis, Mississippi for bread to be furnished to all the schools of the Hancock County District at school site.

All bidders must place their license numbers on their bid. Also for milk to be furnished in 1/2 pint containers for all the schools of the Hancock County School District at school site. All bidders must place their license number on their bid. Also for janitorial supplies for all of the schools of the Hancock County Unit.

All bidders must place their license number on their bid. The Board reserves the right to accept or reject any and all bids.

Done by order of the Hancock County School Board this 23rd day of July, 1963.

SIGNED: K. G. McCARTY, Secretary, Hancock County School Board.

Social Security

Many people in Hancock County over 65 have some social security checks every year. These are people who think that as long as they work and earn over \$1200.00 a year they cannot draw any social security checks.

Actually, Jerome H. Drane, district manager here for social security pointed out today, many of these people could collect part of the social security even though they are still working. Drane said a person who earns more than \$1200.00 loses only \$1.00 in social security payments for every \$2.00 he earns from \$1200.00 to \$1700.00. For every \$1.00 he earns over \$1700.00, he gives up \$1.00 in benefit payments.

For example: Suppose you put in for social security and start to draw \$100.00 a month. You plan to continue working and expect to earn \$2000.00 a year. You could still collect \$650.00 from social security for the year.

Also, Drane emphasized, people can collect a social security check for any month they do not earn over \$100.00 so making what their total yearly earnings are. Self-employed workers can draw social security for any month they are not active in their business.

Mr. Drane urged people over 65 who are still working, to visit

the Social Security Office, 1000 Third Avenue in Gulfport for further information. A representative from the Social Security Office is at the Young Center at the first and third Tuesdays each month between 9:30 A. M. and 1:00 P. M.

Boy Scouts at the International Scout Jamboree in Athens, Greece, July 29 through August 18, will consume some 218,000 quarts of milk during their stay.

This is Why We Are Voting For

H. "Bully" Zengarling

For Sheriff and Tax Collector on Aug. 6.

He is qualified, honest and dependable.

He is for good government and will be opposed to any and all racketeers.

He is a veteran of World War II, who as a section leader took part in four major battles, Normandy, Northern France, Rhineland and Central Europe.

He, being the father of five children, will work with and for all the children throughout the county for a better youth program.

We being interested in the betterment of our county ask your vote and support.

Paid for by Friends of H. (Bully) Zengarling.

DO YOU WANT STATESMANSHIP or Confused Defeat?

A statement to the people of Mississippi by J. P. Coleman, candidate for Governor

Tuesday morning, July 23, at Prentiss, Mississippi, Lt. Gov. Paul Johnson said, "that any candidate who guarantees peace and tranquility in the next four years is telling a bald-face lie."

Recently, Mr. Charles Sullivan was quoted from Gulfport as saying that the schools of Mississippi would never be integrated until every school in the state was occupied by a member of the 82nd Airborne Paratroopers.

We ask the people of Mississippi if they are going to support a leadership which promises them nothing but trouble and military occupation. What a terrible prospect for a state that desires more industry and an improved educational system. Obviously, these candidates are jealous of the four years of real leadership provided by J. P. Coleman from 1956 to 1960.

Coleman has specifically promised the same approach for 1964-1968 and states emphatically that he has the faith that this can be done with wise leadership and careful strategy based on statesmanship instead of political demagoguery.

If you want the uproars and the military occupations caused by the leadership of the inexperienced you will have to vote for the candidate who promises it to you.

If you want statesmanship from 1964 to 1968, vote for J. P. Coleman.

ELECT A STATESMAN!

J. P. COLEMAN
FOR GOVERNOR

TWO ORDERED TO PAY FINES

Two persons were ordered by Circuit Judge Leslie B. Grant to pay fines after probation revocation hearings last Monday in Gulfport.

The court ordered Thomas L. Lawley of Gulfport and Sarah Eleanor Dickhaut, Cincinnati, remanded to custody of Harrison County Jail pending payment by each of \$300 fines and court costs.

The two, who were brought before the court by Sheriff Gerald V. Price Sr., were arrested July 6 in Gulfport and returned here on charges of passing forged checks at Driftwood Motel, Comptretha.

Port Development in Mississippi is one of the varied interests of the Agricultural and Industrial Board. Paul Burt (seated), assistant director of the board, and study legislation authorizing port development projects administered

The development of the ports of Mississippi is an important phase in the industrial and economic development of the state.

Mississippi has always been active in world commerce, and there is every indication that this foreign trade will become increasingly important in the years to come.

Because of its position on the Gulf of Mexico, and because it is linked with the rest of the country by first-rate transportation facilities, Mississippi is in a particularly favorable position as a trade link between the United States and the Latin American countries.

Mississippi's plans for increased world trade, however, are not confined to Latin America. Ships from all over the world come into Mississippi's deep water ports at Pascagoula and Gulfport every day.

In addition to her deep water ports on the Gulf, Mississippi has three very important port cities on the Mississippi river — Natchez, Vicksburg and Greenville. Other river port facilities are in the planning stage.

In order to assure the continued growth and development of these ports as vital links in the important field of world trade, the state legislature in 1958 enacted a Ports and Harbors Act for the promotion, development, improvement and expansion of the ports, harbors, rivers and waterways of Mississippi.

Since the A&I Board is the state's economic development agency, the legislature called upon the A&I Board to carry out the administration of this act. It permits loans up to \$10 million in state funds for port improvement; to be repaid from port revenue over a period of not to exceed 40 years. Expenditure of these funds must first be declared feasible by the A&I Board before such expenditure can be made. This decision by the A&I Board is made on the basis of feasibility studies of proposed projects desired by the ports.

In May of 1959, an agreement was entered between the A&I Board and the Port of Pascagoula (operated by the Jackson County Port Authority) for the issuance of \$7 million of the \$10 million available to that port. Of this amount, \$5 million was used for the construction of a 2,000,000-bushel grain elevator, and \$2 million was applied to retire existing port bonds. Earlier this year, the expenditure of the remaining \$3 million — for general cargo additions and improvements to the port facilities — was declared feasible and approved by the A&I Board.

The Port of Gulfport was transferred to state ownership in December of 1960, and it has been administered since that date by the A&I Board, acting through a five-member Gulfport State Port Authority, which took over the administration of the port from the Gulfport Port Commission on February 9, 1961. Since then, the A&I Board has approved the expenditure of \$3 million for port improvement and the construction of a banana terminal at the Port of Gulfport. Studies are now underway leading toward further development of the Port of Gulfport.

RETURN PRISONER TO TEXAS AUTHORITIES

Chief Deputy Sheriff Gerald V. Price Jr., said H. J. Harrison of Port Arthur, Texas, who was apprehended July 18 in Waveland was turned over to Texas authorities.

Harrison, who was apprehended Price said, after he received an anonymous phone call from Waveland, was wanted in Texas for alleged forgery and unlawful flight. Price was assisted in the arrest by Deputy Sheriff Donald Mar-

Joseph Lott, charged with break-in in Olens Department Store in 1961, was released by Louisiana authorities and brought to Bay St. Louis July 12, by Chief Deputy Price.

He is being held, Price added, in Hancock County jail awaiting

the September court.

Sports Trail

BY MICHAEL LANG

Southern Realty matched the CYO tournament from Trapani's Sunday the second such tournament taken from Trapani's in two weeks.

Last week they lost to Reink's in the play offs. Southern Realty is the team trailing close to Trapani's, who occupy the number 1 spot right now. If Trapani's can hold out for two more games they will have the season all wrapped up, but they have to play two deadly foes, Southern Realty and CYO, and it's going to be tough for the Trap to do it. Play offs start next week and since these will be the last games of the season each team will put out all it has to win, and the games will provide plenty of action and excitement, so if you can make it, get out and see a few games.

The "Pogie Boat Fishers" have caused a little discussion among

the top fish. lately in the Hancock County area. These boats have been operating off the shores of the county and may be one of the reasons that the sport fishing may be drifting to other places and why it's slackening and maybe even be stopped. These trawls pick up anything and everything that gets in its way and could be a very good reason why only a few fish are being caught. The only good this can be doing is that it's making profit for someone who is taking the fish to some other place to sell and Hancock County is getting nothing but wet feet.

Many local fishermen and visitors who come to the county have enjoyed the sport but if there isn't anything to fish for, the fishermen will probably quit or go somewhere else and the out of town visitors will go some place else and the county will lose money.

Something should be done and before it's too late.

Arise fishermen it's time to come to the aid of your sport.

Sharks have come out of their hiding place this summer and seem to be pretty bad from reports. They seem to be mostly thick down Waveland way, so better take a little precaution in

AUGUST 6 PRIMARY EXCLUSIVELY FOR MISSISSIPPI DEMOCRATS

"As the August 6th primary election approaches, we feel it our duty to again remind all Mississippians that this is in reality an exclusive primary of the Democratic Party of the State of Mississippi and that only Mississippi Democrats, who intend to support the nominees of the Mississippi Democratic Party in the general election in November, have a legal right to participate," said Tom M. Garrett of Tunica, Chairman of the Public Information Committee of the Mississippi State Democratic Executive Committee, in a statement released today.

"Every candidate on the August 6th and August 27th ballots are Mississippi Democrats who have qualified for the Democratic primary committees and who offer for public office subject first to nomination by a majority of the Mississippi Democrats partici-

ing in such primaries," continued Mr. Garrett.

"Primary elections," added Mr. Garrett, "are held by political parties as a means of electing nominees to represent such parties in general elections. Our August Democratic primaries are for Mississippi Democrats exclusively and when a voter participates he is legally and morally bound, according to Mississippi law, to intend to support the Democratic nominees in the November general election."

Mr. Garrett emphasized his belief that "few Republicans will try to participate in our Democratic primaries." He added, "The real Republicans of Mississippi have always respected the law and have never tried to vote in Democratic primaries and I feel confident that the 'new' Republicans in the state will also realize their legal and moral obligations to respect the August 6th and August 27th primaries of the Democratic Party of Mississippi voluntarily, and thereby eliminate the possibility for challenge."

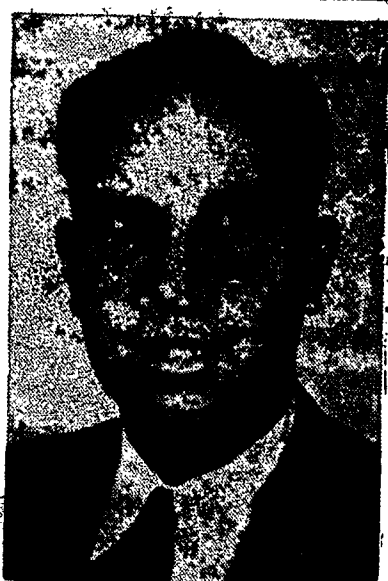

What's the difference between imitation milk and cream; and the real stuff? Well, maybe you can fool some of the people, but not the family cat. Try serving her Majesty some imitation cream or milk. She'll have no part of it. What a catastrophe!

In a few days you the people of Beat 5 will go to the polls to elect a Constable to serve you the next four years. It has been impossible for me to see each of you as I would have liked to have done, but I am taking this means of asking for your vote and support when you cast your vote on August 6th. I am the son of Alphonse B. Favre and the late Lydia Bordage Favre of Waveland.

I am married to the former Maude Gonzales and have three sons. I have served as a Deputy for the past 12 years and have tried to serve you, the people at all times; so if you see fit to cast your vote for me on August 6th, I will always be grateful.

GERALD J. FAVRE

Why You Should Elect W.A. "Fred" Curet Sheriff & Tax Collector

Curet's a graduate of the Miss. Hwy Patrol School with 8½ years law experience.

Curet has worked closely with Sheriff offices, for many years in all types of first aid rescue work and investigations.

Curet helped organize school boy patrols and served the rural areas by constantly being on the job inspecting school buses, talking to the drivers, and doing every thing possible to protect our children from danger.

Curet is a business man, he presently employs a large crew of men from Hancock County, and is helping many, many people get jobs.

Curet's the working man's friend and was suspended from the patrol for assisting the working men and women secure their drivers license rather than lose many days of pay.

Curet's a friend of the teenagers and has helped send boys through high school and college.

Curet's the father of three teenagers and will have a juvenile officer to help my children.

Curet fought for the people of Hancock County in the court rooms, on the highways, and in the South Pacific during World War II, spent 1300 days of this period in a W. Camp.

Curet is going to make it very important for us to have a trained Sheriff and Tax Collector who will give us the experience and year round public service.

Help Hancock County and help yourself by electing W.A.
